

8 October 1958

Your letter of September 12, 1958 to the Director of Central Intelligence has been referred to me for reply.

As you are no doubt aware, the final determination as to entry into the United States is with the Commissioner of Immigration and the Attorney General so that we cannot give any final reply or assurances to your request for entry into the United States.

For purposes of discussion with these officials, however, it would be useful if you could furnish us with more information to determine whether you fall within any of the admissible categories. It would be helpful, therefore, if you would furnish this Agency the full information regarding your personal history and particularly your educational background and your academic and professional qualifications. Any scientific or technical specializations should be described in full. Upon receipt of such information we will consider your request further with the appropriate Government officials and inform you of whether the law would permit entry in your case.

Very truly yours,

SIGNED

Lawrence R. Houston  
General Counsel
